3. Conclusion of the Loan Agreement

3.1 This Loan Agreement is based on crowdfunding and comprises the Special Terms and these General Terms. The Loan Agreement shall be considered to be a multilateral loan transaction in cases where more than one Lender is involved in lending the funds to the Borrower under the Application.

3.2 The Borrower shall have the right to withdraw the Application prior to the start of the Auction, i.e. the moment when the first Offer to the Application is provided during the Auction. After submission of first Offer to the Application, without separate consent of the Operator, the Borrower shall not have a right to recall the Application.

The Operator shall have the right at any time to recall, suspend, resume, change or cancel the Auction. The Auction shall expire and the Application of the Borrower and Offers of the Lenders shall expire if an insufficient number of Offers matching the Application that fund the full Loan Amount (or the required minimum limit of the Loan Amount, if such is specified) are submitted within a period of 30 (thirty) calendar days or a shorter period stated in the Application, unless the Operator informs in advance (on the Platform or by e-mail) that the Auction will be divided and executed in several stages until the total Loan Amount is collected (or the required minimum limit of the Loan Amount, if such is specified). In the latter case, the provisions of this clause apply to each stage of the Auction. Participation of Lenders in all the stages for raising the Loan Amount is not restricted.

3.4 The Parties hereby agree that the actions performed by the Borrower and the Lender (submission of the Application, Offer) and the data indicated (the User code, User Account data, Paysera Account statement of the Borrower or the Lender, e-mails of the User or the Platform, or the audio recordings of the telephone conversation, or an extract from the User's Account

3.5 The Loan Agreement may as well be concluded upon the Lender using the Automatic Investment Function. Upon using the Automatic Investment Function, Lenders are able to set the Criteria (e.g. the term of a loan, amount of interest, LTV, class of risk, type of the loan, type of the assurance means, etc.) they want to apply to the Proposals made to respective Applications and foresee the provision parameters of such Proposals (e.g., the provided amount, the total amount provided to all Applications, etc.). After publishing the Application meeting the Criteria in the Platform, the Lender takes part in the Auction and makes the Proposal for such Application automatically. The Proposal submitted by the Lender using the Automatic Investment Function is equal to the Proposal made at its discretion without using this function and is deemed as sufficient to express the will and intention to conclude a Loan Agreement. Upon making Proposals and using the Automatic Investment Function, the funds automatically booked and/or automatically transferred (charged) from the Lender's Paysera account are for financing a respective Application.

NORDSTREET

refinanced loan, to whom/which the immovable property is mortgaged/pledged, regarding pledge of the immovable property by the subsequent mortgage, which shall state the balance of the refinanced loan and the number of the account, to which the amount of the said debt balance must be transferred, following which the Borrower's creditor will waive the primary mortgage/pledge of the immovable property;

4.3.3 The Borrower has repaid to the creditor of the refinanced loan the difference between the balance of the indebtedness to the latter and the Loan Amount intended for refinancing of the loan, and presented to the Operator the substantiating documents.

In such case, the Lender shall be refunded the amounts transferred by the Lender for the conclusion of the Loan Agreement by crediting them to the Lender's Paysera Account from which the payment had been made.

4.5. In exceptional cases, having informed the Lenders and the Borrower in advance, the Operator shall also have the right to collect the Loan Amount specified in the Offer to a separate Paysera technical account of the Operator.

5.3 Despite the requirement that all the payments must be made by the Borrower itself, when registering on the Platform and on the basis of this Loan Agreement, the Borrower shall

NORDSTREET

additionally grant the right and authorisation to the Operator, if necessary, for giving the instructions (on behalf of the Borrower) to Paysera LT, UAB to transfer (debit) all the payments (amounts due) to the Lenders from the Borrower's Paysera Account to the Lenders' Paysera Accounts and/or transfer (debit) the Operator's Fee and/or other payments (amounts) due to the Operator from the Borrower's Paysera Account. If it is necessary to take actions described in this paragraph of the General Terms, the Borrower undertakes to issue a separate document acceptable to Paysera LT, UAB.

The Operator is not obligated (though has the right) to debit the amounts payable by the Borrower from the Borrower's Paysera Account (as stipulated in paragraph 5.3 of the General Terms), but failure (or delay) to exercise this right of the Operator shall not release the Borrower from payment of the accrued default interest and other amounts payable for defective performance.

The Operator shall allocate the received funds to the Lenders and the Operator. If the Borrower makes a payment via another account (not the Borrower's Paysera Account) without permission (and not by the alternative method of payment agreed with the Operator in advance in writing), the Borrower shall bear all the associated risk (e.g., the risk associated with delays in accounting of the received funds, the risk associated with delays of interest payable to the Lenders, etc.), and the Borrower shall also be obligated to compensate the Operator for all (direct and indirect) expenses related to administration of such unauthorised payment.

5.7 Upon receipt of the funds from the Borrower, the obligations of the latter in relation to the delayed payments shall be applied in the following sequence: (i) first – default interest due to the Lenders; (ii) second – Interest and the Loan Amount due to the Lenders. In cases where the

NORDSTREET

obligation was transferred as an enforced recovery, the first to be compensated shall be the expenses incurred by the Operator in related to such recovery (expenses on the executive endorsement, order for payment (writ of execution), correspondence, payments for debt recovery services, stamp duty, court expenses, etc.).

5.10 The Borrower shall have the right, with the Operator's consent and adhering to the procedure set forth in Clause 6 of these General Terms, to repay the Loan Amount or its part earlier than it is indicated in the Loan Agreement. 5.11 If the Borrower delays payments according to the Loan Repayment Schedule, the Borrower shall be obliged to pay the default interest in the amount of 0.2 percent of the delayed amount for each day of delay.

The Debt Administration Fee is charged for every late calendar day of the term specified in the Loan Schedule until full settlement of the Borrower with the Lender.

5.13 The Debt Administration Fee is paid only after recovering the default interest (their share) from the Borrower pursuant to the Loan Agreement (including the payment of default interest (their share) after Operator's prompt and other cases).

5.14 If the payment of the full Loan is due, the Operator shall continue charging the Interest at the rate established in the Special Terms on the outstanding amount as well as the default interest indicated in paragraph 5.11 of the present General Terms.

6.2 When wishing to repay the Loan Amount before the term, the Borrower shall be obliged to inform the Operator by e-mail regarding its intention to repay the Loan Amount or its part before the due date 5 (five) business days until the respective payment day. In the early repayment notification, the Borrower shall indicate the details of the Loan Agreement (date and number), the amount of the Loan intended to be repaid before term and the date on which the Loan Amount will be repaid. Upon sending the notification indicated in this paragraph, the Borrower shall not have the right to withdraw it without prior written consent of the Operator, and shall be held unconditionally obliged to repay the amount stated in the notification before the set deadline. If the Borrower violates the updated obligations, the Operator shall have the right to impose sanctions for infringement of the payment obligations as would be applied for infringing the Loan Agreement. In cases where the Borrower's notification does not conform to the requirements of this condition, the Operator shall have the right to deny crediting the Borrower's funds intended as early Loan repayment, and to refund the excess of the monthly instalment to the Borrower. Failure to submit the notification within the established time limit and specify the required details are essential conditions for early repayment of the Loan Amount.

6.3. After the Borrower makes an early repayment of a part of the Loan Amount in accordance with the conditions set forth in paragraph 6.2, the Operator shall recalculate and update the Loan Repayment Schedule.

7. Guarantees of Performance

7.4 In the maximum mortgage and maximum pledge transactions (such as transactions for the Guarantees of Performance) the Operator shall be indicated as the representative of the Lenders (as creditors), while the Lenders shall not be mentioned in such transactions or registered in the relevant mortgage register of the Republic of Lithuania (as prescribed by the applicable legal acts). The Borrower has familiarised with the terms and conditions of the Loan Agreement, understands them, and by carrying out the actions set forth in the Loan Agreement clearly declares that the Borrower accepts the terms and conditions of the Agreement by free will, understands the arising obligations and undertakes to fulfil them.

8.3 It shall be considered that the Borrower's declarations and guarantees provided in paragraph 8.2 of the present General Terms shall be restated in their full scope in the Special Terms (Application) and on each payment day. The Borrower shall be obliged to provide a forthwith notice to the Operator if during the validity of the Loan Agreement any of the Borrower's declarations and/or guarantees for any reason become inaccurate or incorrect. Compliance with the declarations and guarantees provided in paragraph 8.2 of the present General Terms is the essential condition of the Loan Agreement; if the Borrower does not comply with / breaches at least one of its declarations and guarantees indicated in the above-mentioned paragraph, the Operator shall have the right to unilaterally terminate the Loan Agreement due to the Borrower's fault in accordance with the procedure set forth in Clause 10 of the General Terms, demand the

9.1 The Borrower shall be obliged:

9.1.1. to mortgage/pledge the immovable property specified in the Special Terms no later than in 7 (seven) calendar days following the Auction (the end of successful funding of the Application) to the Operator for the benefit of the Lenders. The Borrower shall store all the documents evidencing the use of the Loan Amount for its intended purpose for at least 3 years after completion of the project for which the Loan Amount was raised. Furthermore, if, within a reasonable time period, the Borrower fails to submit to the Operator the documents clearly evidencing the use of the Loan Amount (or its part) for its intended purpose, it shall be automatically considered that the Borrower has used the Loan Amount for the purpose other than its intended purpose, and the Operator shall gain the rights stipulated in this paragraph (the right to terminate the Loan Agreement due to the Borrower's fault);

9.1.4 to repay the Loan Amount before the repayment deadline of the Loan Amount set forth in

NORDSTREET

9.1.6 in the event of a risk that the Loan Amount may not be repaid in an adequate and timely manner, decrease of the Loan-to-Value Ratio or property becoming illiquid, deterioration of the financial position of the Borrower, surety or guarantor, or in the event of non-performance of the Borrower's other obligations under the Loan Agreement, upon a written request of the Operator, to provide an additional Guarantee of Performance or repay the Loan Amount and all related sums within the time limit established by the Operator prior to the repayment deadline of the Loan according to the Loan Repayment Schedule, or to present the documents refuting and eliminating the risks identified by the Operator;

9.1.7 to enable the Operator to verify the activities of the Borrower and property mortgaged/pledged when the Operator's representative arrives at the Borrower's head (registered) office or the location of the property mortgaged/pledged;

9.1.8 without prior written consent of the Operator: (i) not to grant surety and guarantees and not to pledge its property to the third persons; (ii) not to impose Encumbrances on the immovable property pledged; (iii) not to take out or grant the loans or credits of any amount or type on behalf of the Borrower.

9.1.9 to provide a forthwith notice to the Operator regarding any changes of the registered address, deterioration of the financial position, income fluctuations, expected payment delays and any other significant changes, which could have an impact on the performance of the obligations arising from and/or in relation to the Loan Agreement;

9.1.10 to notify the Operator in writing immediately, and in any case no later than within 2 (two) business days of the moment of occurrence of the respective circumstances, if: (i) the Borrower is unable to make any payments under the Loan Agreement and perform other obligations provided in therein in a due and timely manner; (ii) the immovable property mortgaged/pledged is damaged or destroyed or otherwise reduced in value; (iii) the decision has

9.1.12 to perform other obligations arising from and/or in relation to the Loan Agreement.

9.2 Failure to notify about the circumstances indicated in paragraphs 9.1.9-9.1.10 of the present General Terms shall be considered to be the gross violation of the Loan Agreement. If the Operator finds out about existence of the circumstances indicated in the paragraphs above, while the Borrower failed to notify about them, the Operator shall have the right to take the appropriate measures, including termination of the Loan Agreement, suspension of the Borrower's activities on the Platform and/or removal from the Platform, etc.

10. Transfer of the Right of Recourse in Secondary market

10.1 Operator may create an opportunity on the Platform for Lenders to transfer their Rights of Recourse in the Secondary market.

10.2 The Borrower agrees that the Rights of Recourse held against it by the Lender may be transferred to the Secondary market.

10.3 In order to transfer the available Rights of Recourse in the Secondary market, the Lender:

10.3.1 must agree to the General Terms and Conditions of the Agreement on Transfer of the Rights of Recourse published on the Platform;

10.3.2 may choose its owned Rights of Recourse in its User Account, specify the transfer price and submit the transfer application (offer) of these Rights of Recourse in the Platform.

NORDSTREET

10.4 After the transfer of the Right of Recourse in Secondary market, the person who has taken over the Right of Recourse shall be considered a new Lender under the Loan Agreement (the Borrower must fulfil its obligations to this new Lender).

10.5 The fact of transfer of the Rights of Recourse in the Secondary market does not in any way affect the obligations assumed by the Borrower under this Loan Agreement, fulfilment of these obligations, fulfilment method and (or) fulfilment procedure.

11. Investment transfer

11.1 The Operator may provide the Lenders with the opportunity to transfer the Investment on the Platform (as provided in Platform Agreement). During the Investment transfer, the Lender may transfer the Repayable Amount of the Borrower under the previous Loan Agreement (i.e., use it as a new investment) to a new Loan Agreement concluded for refinancing by the same Borrower. Investment transfer is performed according to procedure set forth in Platform Agreement.

11.2 After the selection of Investment transfer by Lender, successful completion of the refinancing Auction, conclusion of new refinancing Loan Agreement and payment of the Refinancing Loan (its part) by the Borrower according to Loan Agreement, the Borrower's obligations to such Lender under the previous (refinanced) Loan Agreement shall terminate. Accordingly, the Repayable Amount due to such Lender under the previous (to be refinanced) Loan Agreement becomes the amount newly lent to the Borrower under the newly concluded refinancing Loan Agreement.

12. Termination of the Loan Agreement. Enforcement. Automatic subrogation of the Right of Recourse

12.1 The legal facts specified below shall be treated as the grounds for termination of the Loan Agreement:

12.1.1 **Infringement of the payment liability.** Infringement occurs when the Borrower fails to pay in the conditions and procedure established in the Loan Agreement any amount due under the Loan Agreement within the set term and fails to rectify the violation within 14 (fourteen) calendar days from submission of the Operator's written notification on infringement of obligations;

12.1.2 **Infringement of contractual liabilities.** Infringement occurs when the

NORDSTREET

Borrower violates the obligations set forth in paragraph 9.1 of the present General Terms and fails to rectify the violation within 7 (seven) calendar days of the submission of the Operator's written notice of infringement of the obligation; if such infringement cannot be objectively rectified (or there is no point in doing it), the Operator shall not grant the time limit of 7 (seven) calendar days, and may rely on this ground for termination of the Loan Agreement without delay;

12.1.3 Non-conformity to the Loan-to-Value Ratio. Infringement occurs when the Borrower fails to fulfil the obligations set forth in paragraph 7.3 of the General Terms and Conditions related to the Loan-to-Value Ratio;

12.1.4 Infringement of the Borrower's declarations and guarantees. Infringement occurs if it becomes apparent that any of the Borrower's declarations and guarantees provided for in paragraph 8.2 of the General Terms are incorrect, misleading or can no longer be enforced;

12.1.5 Other infringements. Infringement occurs when the Borrower and/or Associated Entities commit a material violation of the obligations arising from the transactions of the Guarantees of Performance or other agreements related to the Loan Agreement and specified in the Special Terms;

12.1.6 Insolvency. Insolvency occurs when the Borrower or any Associated Entity becomes insolvent or declares insolvency in accordance with the applicable law;

12.1.7 Actions of the state authorities. The situation occurs where competent state authorities take any actions, due to which the Borrower or any Associated Entity loses the ability to perform the obligations arising from the Loan Agreement, transactions of the Guarantees of Performance or other agreements indicated in the Special Terms in an adequate and timely manner;

12.1.8 Legal disputes. Legal disputes occur when any legal, administrative or arbitration procedure is initiated in respect of the Borrower or any Associated Entity, which in the Operator's opinion could have an adverse impact on the due performance of the terms and conditions of the Loan Agreement;

12.1.9 No pay-out of the Loan Amount. The situation occurs when the full Loan Amount is not paid out before the end of the term set forth in the Special Terms;

12.1.10 Infringement of other loan agreements. If the same mortgaged/pledged property was mortgaged/pledged to the same Lenders (or other lenders) and/or the Operator under another loan agreement prior to the conclusion of the Loan Agreement, the ground for termination

NORDSTREET

of such other loan agreement shall also constitute the grounds for terminating the present Loan Agreement;

12.1.11. **Anticipatory non-performance.** The situation occurs when, in the reasonable opinion of the Operator, based on specific circumstances, the Borrower's non-performance or defective performance of the Loan Agreement can be anticipated in advance.

12.2 The Operator acting as an authorised representative of the Lenders shall have the right to unilaterally and immediately terminate the Loan Agreement and demand payment of the full Loan Amount, Interest and other delayed payments (fines and default interest) on the grounds set out in the Loan Agreement and the Civil Code of the Republic of Lithuania, as well as the fees and charges calculated based on the Service Rates published on the Platform. The Borrower shall also compensate for any direct and indirect damages sustained by the third parties (including the Operator and the Lenders) due to the termination of the Loan Agreement. In addition, in cases where the Borrower declares refusal to perform the obligations or maliciously avoids payments, and in cases where the conduct of the Borrower demonstrates any signs of deceit or fraud, the Operator may declare gross violation of the Loan Agreement on the part of the Borrower (material breach). The Operator shall send the notification by e-mail and/or registered mail and/or messenger services to the Borrower to the e-mail address and head office address of the Borrower indicated in the Special Terms regarding (i) the delayed payment, and (ii) termination of the Loan Agreement. The notification shall be considered to have been delivered in 24 (twenty-four) hours of its dispatch (if sent by e-mail) or on the third business day of dispatch (if sent by registered mail or messenger services).

12.3 If, the Operator determined (in its reasonable opinion) that at least one of the grounds for termination of the Loan Agreement indicated in paragraph 10.1 of the General Terms has occurred, the Operator shall have the right to terminate the Loan Agreement by sending the notification to the Borrower in the procedure set forth in the General Terms, and to demand that the Borrower immediately, but no later than within 15 (fifteen) calendar days of the date of sending of the notification repays the outstanding Loan Amount, pays the Interest due and other amounts payable under the Loan Agreement. In such case the Borrower shall also additionally pay to the Operator a fee (penalty) of 5% (five percent) of the Loan Amount as the (one-off) Loan Agreement Termination Charge. **In any case, the present Loan Agreement shall be considered terminated and the amounts stated in this paragraph shall become payable as of the receipt of the notification sent by the Operator (or from the later**

NORDSTREET

date where the sent notification clearly indicates such later date of termination of the Loan Agreement). The Borrower shall also compensate for any direct and indirect damages sustained by the third parties (including the Operator and the Lenders) due to the termination of the Loan Agreement.

12.4 Seeking to avoid any confusion, the Lender shall hereby explicitly grant the authorisation to the Operator for termination of the Loan Agreement concluded with the Borrower on behalf of the Lender in cases and in the procedure set forth in the Loan Agreement and legal acts of the Republic of Lithuania, and to act as the Lenders' representative implementing recovery under the Loan Agreement, including the rights granted under the Law of the Republic of Lithuania on Crowdfunding and/or other legal acts, and in cases requiring to ensure performance of the Loan Agreement and debt recovery. Such authorisation of the Lender shall come into force as of the effective date of Loan Agreement and shall be valid until the full discharge of the Borrower's obligations under the Loan Agreement.

12.5 Where the Operator requests repayment of the Loan Amount before the Loan Repayment Term in the procedure set forth in the General Terms, the Operator shall not suspend calculation of the default interest until the Borrower settles with the Lenders in full.

12.6 The Lender and the Borrower hereby agree and confirm that upon termination of the Loan Agreement, the Operator may at its own discretion either: (i) surrogate itself to the Rights of Recourse of the Lender/s in the procedure set forth in the present General Terms, or (ii) act as the Lender/s representative imposing recovery under the Loan Agreement, including the rights granted under the Law of the Republic of Lithuania on Crowdfunding and/or other legal acts, and in cases requiring to ensure performance of the Loan Agreement and debt recovery. For these purposes, the Operator shall also be delegated to perform all actions required for due representation of the Lenders' interests and administration of debt repayment.

12.7 Acting as the representative of the Lenders (i.e. creditors), the Operator shall have all the rights and duties provided for in the Law of the Republic of Lithuania on Crowdfunding, the Civil Code of the Republic of Lithuania and other legal acts, and for these purposes it shall not be required to conclude a separate authorisation or another document of an equivalent content.

12.8 Automatic subrogation to the Right of Recourse (with the right of transfer to the third party) of the Lenders shall occur following notification sent by the Operator to the Borrower to the e-mail address and/or by registered mail and/or messenger services to the head office address of the Borrower indicated in the Platform database regarding termination of the Loan Agreement

NORDSTREET

and subrogation to the Right of Recourse. The automatic subrogation to the Right of Recourse shall be performed by using the deferred payment, which means that the Operator will pay to the Lenders the price of the Right of Recourse equal to the funds recovered from the Borrower, less the charges specified in the Service Rates (hereinafter – Automatic Subrogation of the Right of Recourse). In all cases of the Operator's Automatic subrogation to the Right of Recourse, all the performance guarantees shall also be transferred, including but not limited to the right to mortgage/pledge. If necessary, the Guarantees of Performance shall be assigned by a notarised transaction at the time convenient for the Operator and at the notary's office selected by the Operator. The Lenders undertake to take all the necessary steps (e.g., issue a required power of attorney, confirmation or another document, arrive at the place indicated by the Operator, etc.) within the time limit specified by the Operator, if there is need for such steps as the authorisations granted by the General Terms or other agreements related to the Loan Agreement are insufficient.

12.9. Upon Automatic subrogation to the Right of Recourse, the Operator shall act as a reasonable creditor and make all efforts to recover the debt, but the Operator shall be liable to the Lender neither individually, nor jointly or subsidiary with the Borrower for recovery of the debt and amount it will succeed to recover. The Lender hereby agrees and confirms the above, and confirms that the Lender understands and is aware of and agrees with the lending risks.

12.10 The purpose of Automatic subrogation to the Right of Recourse is to provide a legal possibility to the Operator to ensure the interests of the Lender, perform all actions necessary to ensure due performance of the obligations assumed by the Borrower under the Loan Agreement and to carry out enforced recovery according to the transactions of the Guarantees of Performance (including recovery from pledged immovable asset (mortgage object) under the mortgage agreement). The Lender hereby confirms that Automatic subrogation to the Right of Recourse shall be indefinite and irrevocable.

12.11 The Lender confirms that upon Automatic subrogation to the Right of Recourse or performance of recovery on behalf of the Lender, the Operator shall sign on its own behalf (with the unrestricted right to authorise the third person) all necessary documents, carry out all procedural actions, including receipt of the order (writ of execution) and presentation for execution (enforcement), apply to institutions and authorities, submit requests, receive any documents requested, contact debt collection companies for enforcement of liabilities, and carry out negotiations with the Borrower.

NORDSTREET

12.12 In the event the Operator unilaterally terminates the Loan Agreement with the Borrower in the procedure stipulated in this Loan Agreement, the Operator, acting as the representative of the Lender/s, after dispatch of notification on termination of the Loan Agreement, shall have the right to submit to the Borrower additional reminders regarding the payment of all the amounts payable (the Loan Amount, Interest, fines and other due payments as well as indemnity for damages, etc.) and/or to recover such amounts through court or out of court. The Operator shall have the right to re-authorize any third persons to represent the interests of the Lender/s in the court (or other institutions where recovery is conducted out of court).

12.13 The Operator shall have the right at its own discretion to freely dispose of its rights under the Loan Agreement and transactions of the Guarantee of Performance (including the mortgage agreement) and use the documents and information on the Borrower available to the Operator. The Operator shall perform enforced recovery from the pledged immovable asset (mortgage object) under the mortgage agreement and perform all related actions in accordance with the conditions and in the procedure set forth in the mortgage agreement and legal acts of the Republic _____ of _____ Lithuania.

12.14 The Operator shall have the right to transfer the recovery of the debt obligations from the Borrower to the debt collection companies, and in this case, the Borrower shall be obliged to compensate the applicable recovery fee and/or bear all other expenses incurred by the Operator or the debt collection company in relation to such subrogation.

12.15 Both the Borrower and the Lender hereby confirms that the person / entity of the Borrower or the Lender respectively does not have any essential significance to them (i.e. the person/entity of the Lender to the Borrower, and the person/entity of the Borrower to the Lender).

13. Final provisions

13.1 **Operator's involvement.** The Parties hereby agree that the Operator shall participate in the Loan Agreement not as a party to the loan obligation, but as an entity performing the administration functions of the Loan Agreement.

In the event of material change of the General Terms, the Operator announces about the occurred modification to every User to its provided e-mail address. The User shall have a right to disagree to material change and stop using the Platform by notifying the Operator via email. NORDSTREET
